For safety reasons 8 stopover(s) will be organized by the Race Direction. Those stopovers will be described in the Sailing Instructions.

8.2 The crews may welcome on board Sponsors or Officials, or youth members of local sailing schools during their stay in Venice.

### **8.3 TIME LIMIT TO FINISH**

8.3.1 The finishing window is 48 hours, starting with the arrival of the first boat crossing the finishing line in Genoa after sailing the course.

8.3.2 Boats failing to finish within the time stated in NoR 8.3.1 after the first boat sailed the course and finished, taking into account time penalties or redresses (if any) decided by the jury, will be scored DNF without a hearing. This changes RRS 35, A5.1 and A5.2.

## **9. PENALTY SYSTEM**

Penalties for breaches of rules in the Notice of Race or Sailing Instructions marked [DP], or class rules, or rules other than those of RRS Part 2 are at the discretion of the protest committee.

## **10. SCORING**

10.1 The event will be scored in real time, taking into account time penalties or redresses, if any, decided by the jury.

10.2 The team with the lowest total time will be the winner. If there is a tie, it will be broken in favour of the boat with the shorter time on the leg between Capo Passero and Favignana Is. Gate (this changes RRS A8).

10.4 The OA may decide to award other rankings or trophies. This will be described in the Sailing Instructions.

## **11. MANDATORY SAFETY AND POSITIONING EQUIPMENT**

Reminder: it is highly recommended for each crew to have on board a hand-held VHF available, in addition to the required VHF.

Team members, including the OMP, shall wear a certified PFD at all times on deck.

### **SYSTEM OF POSITIONING BEACON:**

In Venice, on each boat, the OA will set up a positioning beacon for Race Direction and Race Committee use, for the follow-up of each boat's route.

A second beacon will be given to each competitor upon registration in Venice. This second beacon will permit text communication between crews and Race Management. These messages will be strictly limited to boat and crew safety. Any misuse will be the subject of a report to the jury.

## **12. BERTHING**

The OA will set up a berthing plan that boats and crews have to comply with from 3 November 2021 at 18:00 hrs.

Boats are not allowed to leave the port, unless authorized in writing by the race committee or the race director, after 5 November 2021 at 17:00 hrs. and shall remain at the disposal of the OA until the start.

## **13. HAUL-OUT RESTRICTIONS**

From 4 November 2021, 18:00 hrs., boats shall not be hauled out unless with and according to the terms of prior written authorisation from the race director or the race committee.

## **14. OUTSIDE HELP**

14.1 The race shall be sailed double-handed mixed and without on water assistance. Any boat shall have at any time only two persons plus, only if decided by the OA, an OMP, and the same, on board, except in circumstances provided in RRS 41. The OMP must not help the crew at any moment for any reason except in an emergency.

14.2 Boats shall sail the entire course independently and shall not, deliberately, sail along together with another boat, and shall not make any provision in order to get accompanied by another boat or vessel. During the race, a boat cannot have physical contact with any vessel or aircraft.

She shall not receive any outside support in any way unless authorized in this NOR.

14.3 During the race, a boat may anchor or moor and may get assistance in the following circumstances, all considered as technical stops:

The boat may be towed to enter or leave a port or a mooring on a maximum distance of 1 NM, provided it can be proven that she did not gain on the distance to the finishing line as a result of having been towed. When the boat is towed, and only during this time, persons can come on board.

When the boat is anchored or moored on a buoy or alongside a vessel anchored or moored on a wharf or in a shelter, repairs may be made and the boat may receive support/supplies. The crew shall not leave the boat.

When repairs are done, to continue racing, the boat may be towed on a maximum distance of 1 NM provided it can be proven that such a towing did not result in a gain on the distance to the finishing line. As soon as the boat continues racing, only the crew plus OMP shall be on board.

One stop with OA outside assistance (technical stop), or during which the crew and OMP leaves the boat, even only for a very short time, shall not be counted for less than 2 hours. All the time of the stop will count to the total sailing time of the boat.

The time limit for any technical stop cannot go beyond a 48 hours cumulated period for the whole race, whatever the number of stops. From the time the boat is moored or anchored for repairs or supplies, she will be considered in a technical stop until the time she will continue racing. Should the time of stops exceed 48 hours in total, the boat will be scored DNF without a hearing. This changes RRS A4 and A5.

14.4 Any stop shall be reported to the Race Direction (phone and email) and reported in writing with circumstances, description of the situation, and description of damages. The crew shall inform the race director before continuing racing. If the boat is requesting OA assistance at any of the planned stopovers, this shall be requested to the race director (phone or email) not less than 24h in advance.

14.5 While racing, except in an emergency, a boat shall not make voice or data transmissions and shall not receive voice or data communication that is not available to all boats [DP].

14.6 At the finish of the race, each crew may be required to make their logbook available to the race direction, the race committee, or the jury.

## **16. DECISION TO RACE**

The responsibility for a team's decision to participate in a race or to continue racing is theirs alone. Consequently, by entering the race, each competitor accepts the risks and shall not challenge the organizers responsibility in case of damage, injury or death.

## **17. RESPONSIBILITY OF THE OA**

17.1 The OA may, in case of force majeure or if the safety of competitors requires so, at its sole discretion, decide to cancel the continuation of the race. Cancellation for force majeure or for safety reasons or for any reason independent of the organizers' powers shall not be ground for any reimbursement of entry fees or for any other financial allowance. This will apply in case of, but not limited to, exceptional weather conditions, war actions, attacks, rapt, fire, floods, strike or block-out of maritime equipment, for which the origin is completely independent of the powers of the OA.

17.2 Responsibility of the OA:

Sailing is an activity presenting some risks and offshore racing is an activity incidentally perilous. Any person considering to participate in the race either as a competitor or other, shall do it in accepting the risks resulting from such an activity and knowing that this participation might incur damages or loss, injury or death.

The organizers' responsibility is limited to ensure the fairness of the competition. Any other responsibility that the organizers would accept should be only contractual and explicit.

In particular:

The checks performed by the OA, either from its own initiative or on request of competitors or any other body, are aimed only to ensure that rules and race documents have been complied with.

The watch, and specially radio watch, and the follow-up with the beacons that the OA may organize and perform, are to be considered by crews as aleatory and not compulsory, and in no way as an additional security on which they can rely.

Any request made to a member of the OA will not imply any civilian liability except if the OA explicitly accepted this responsibility, either by itself or by one of its officers, officially accredited to that effect. This is in particular the case for any request for help, including at-sea assistance.

17.3 The OA shall not be considered as responsible for any indirect loss, real or alleged, whatever would be the situation, faced by whoever, participant, owner, sponsor, patron or other interested party, and this total absence of responsibility will not be limited to the only loss of benefits, of opportunities, of business, of publicity, of reputation (or the opportunity to improve the reputation) or any financial loss, whatever.

17.4 The OA shall not be considered responsible towards the participants in the race or other persons for any loss, damage or expenses of any kind, real or supposed, resulting from a force majeure, including, but not limited to, any natural disaster, war, military action, earthquake, accident, material failure, insurrection, exceptionally bad weather, tsunami, flood, hurricane, tornado, drought, thunder hit, fire, explosion, workers strike, social conflict, or permit refusal from the government, from national or international sailing bodies, from administrations of Equipment, telecommunications, or delay in delivery, production, or transport, due to bodies or companies, of information, goods or services.

The OA has no obligation to organize operations of rescue either onshore or at sea. Participants are also reminded of the obligation to give help to another boat or competitors in distress (Fundamental RRS 1.1). As much as possible, Rescue and Assistance at sea are governed by the international conventions.

17.5 Acceptance of the rules:

The event is a sport event. Any problem will be dealt with in accordance with the RRS. The fact to lodge an entry form implies that the crew and their family and entourage renounce to resort to any jurisdiction not provided by the RRS. (See fundamental rule 3). No request for damage compensation would be valid and granted.

Consequently, the OA shall accept no responsibility for any implied breach of contract along usual lines, written or otherwise, nor for negligence; and shall not be held responsible for any loss or injury (whatever the cause or circumstance), or for any dereliction of duty, misrepresentation and so on.

17.6 Person in charge:

Whatever would be the judicial links between the crew and the boat owner(s), only the crew officially identified on the entry form will be the person in charge responsible towards the OA (See RRS 46).

17.7 Decision to race:

Each crew participates in the race at their own risks and acknowledges that the responsibility for the decision to participate or to continue racing is his or hers sole responsibility. It is the only responsibility of the crew to decide to participate in the race in function of his or her competence, of the state of the boat and rig, of the weather conditions predicted or met during the race, of his or her own fitness and medical state and so on.

Any advice or information supplied by the OA, e.g. weather forecast or advice consequent to boat inspection, is given purely indicatively and it remains the only responsibility of the crew to check the predicted weather conditions and their equipment.

Neither the OA nor its associates shall accept any liability regarding advice or information they might be subject to supply.

17.8 Crews responsibility:

The crews are, each of them for what they are concerned for, personally responsible for any accident, material or human, that may occur to themselves, to the boats, or that they can cause to any third party or to any good belonging to a third party. They must subscribe all insurances necessary to cover possible injury, loss, damage or other consequence. In addition, each participant must be able to present proof of such insurance stating the possible clause of exclusion and details of compensation to any third party with whom he or she may be subject to make contact in the scope of the race

or other associated events. The crew is responsible towards the OA for the subscription of all the insurances needed to cover the third party liability for a minimum total amount of 1,5 million euros.

Without this insurance, the crew shall not be permitted to start the race and the entry fee of the team will remain the OA's property. The absence of a third-party liability insurance shall not transfer any responsibility to the OA or its associates.

17.9 As an essential requirement to enter the race, the crew shall provide the OA with the waiver form duly signed, through which he or she renounces to any resort against the OA, its mandated agents, and its insurers, as worded in the **appendix**.

17.10 Retirement from the race

In case of retirement of a competitor, and as soon as this competitor is safe in a port or shelter, confirmed by the race director, the OA will not accept any more responsibility regarding the repatriation of the crew and of their boat.

## **18. USE OF THE LOGO – MEDIA COMMUNICATION – IMAGE RIGHTS**

18.1 Name: The official name of the race is " Nastro Rosa Veloce 2021 "

The OA shall change or complete the race name. In this case, crews will be informed and shall update their communication.

Any registered team in the race agrees to respect the name of the race when communicating and promoting. The logo of the race is free of rights for the registered teams to use. The organization of the race shall be informed of such a use. A graphic chart shall be provided and shall be respected. [DP]

18.2 Each OMP will be required to transmit a minimum number of still images, video sequences, and written updates to the Race media team during each Race Day at sea. Additional material may be required to be transferred to the Race media team at any stopover used by the crew. General requirements as above will be defined before the end of the entry period. Specific content requirements for each Team will be agreed ahead during a briefing with the Race media team. While racing, each OMP will have two time slots per day decided by the Race media team to transmit media contents. Each day without transmitting the required media will add 4h on the total sailing time of the boat (this changes RRS35, A4, and A5).

18.3 Audio-visual rights

For competitors, entering the Nastro Rosa Veloce 2021 means that their image and name, the image of their boat, of their sponsor(s), their partners and technical crew(s) and family members present in Venice, and at any stopover and in Genoa, at sea or at any public place, press room, pontoons, support boats, social networks (Facebook, Twitter etc.) may be used, free of charge, and adapted, by the OA or their representatives, to communicate on or enhance the Nastro Rosa Veloce 2021 and their partners, on any territory or any media support whatsoever without any time limitation. It is understood that these images will only be used in normal predictable conditions, without any ill will.
